Why study Finance in Israel?

- Established as the State of Israel only 65 years ago
- Population of 7.1 million people
- Over 4,800 start-ups – More than Japan, India, Korea, Canada, and the UK
- Home to over 70 venture capital funds – Making its venture capital industry per capita larger than any other country
- Booming high-tech sector – Dubbing it “Silicon Wadi”
- Rich cultural history & vibrant investment industry

Experience:

Company visits to trading rooms, private equity, portfolio management, venture capital firms, regulatory agencies, guest lectures, and local cultural visits.
